FISHING WORLD

GUIDELINE

Table of Contents

1. Single Edit 1
2. Multiple Edit 3

The guideline below will help you get familiar with editing settings of your members.

Notes:

- In multiple edit popup:
  - The default settings are the settings of the account located on top of the selected list.
  - All settings displayed on the popup will be updated to selected accounts regardless of whether or not change is made.

1. Single Edit

- Search a Member account by using **ACCOUNT INFO**.

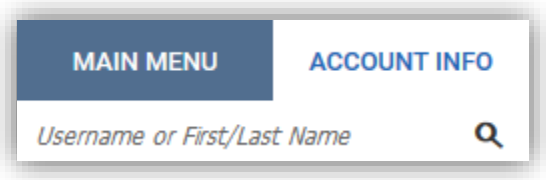

Figure 1.1. Account Info

- Click '**Fishing World**' on Setting tab to open the setting page.

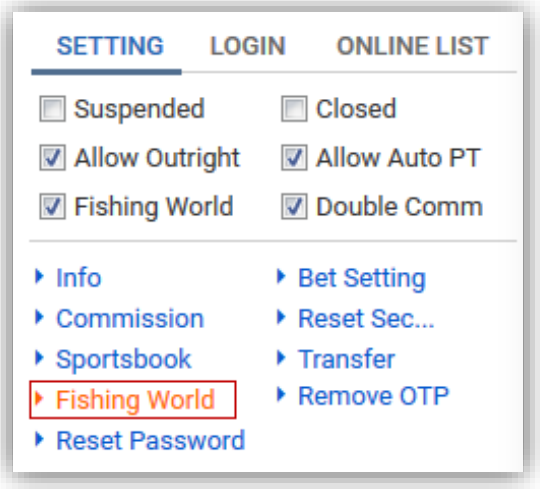

Figure 1.2. Setting tab

- Select the setting option(s) and input your preferred settings.

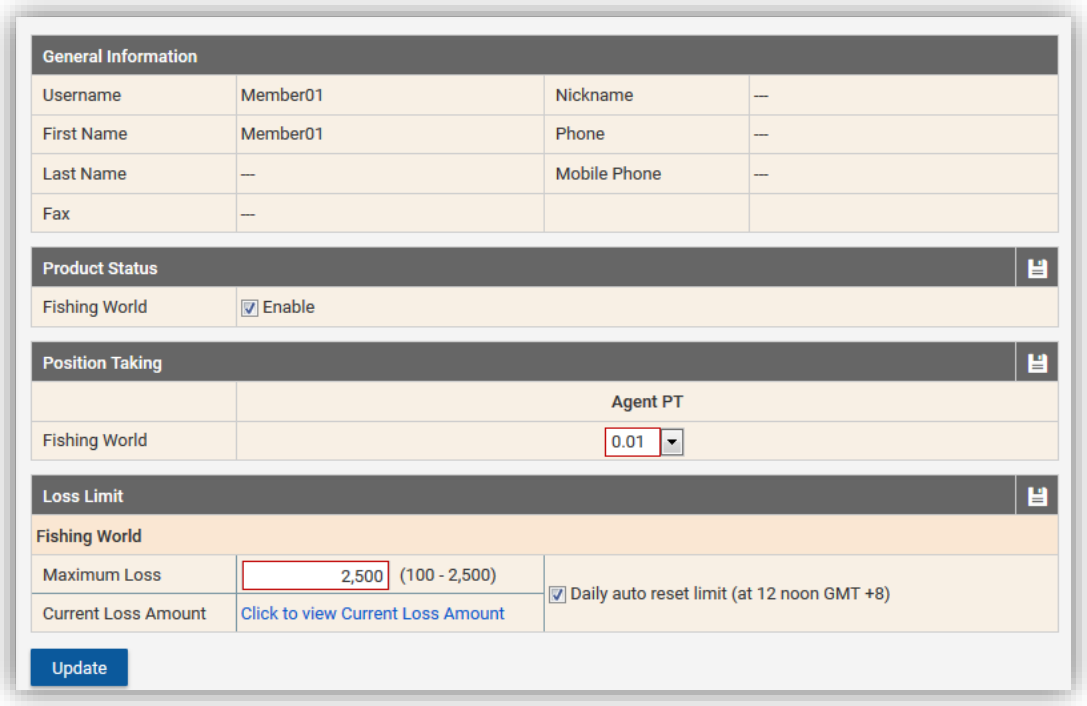

Figure 1.3. Old settings of Member01

- Click ***Update*** to save the new settings of Member.

2. Multiple Edit

Editing a downline account at a time can be a tedious work. Therefore, you are advised to get used to multi-edit function which applies the same settings to different accounts at once.

- Select multiple Member accounts in Member List.
- Click icon  and select '**Edit Multiple Fishing World**'.
- Select the setting option(s) and input your preferred settings.

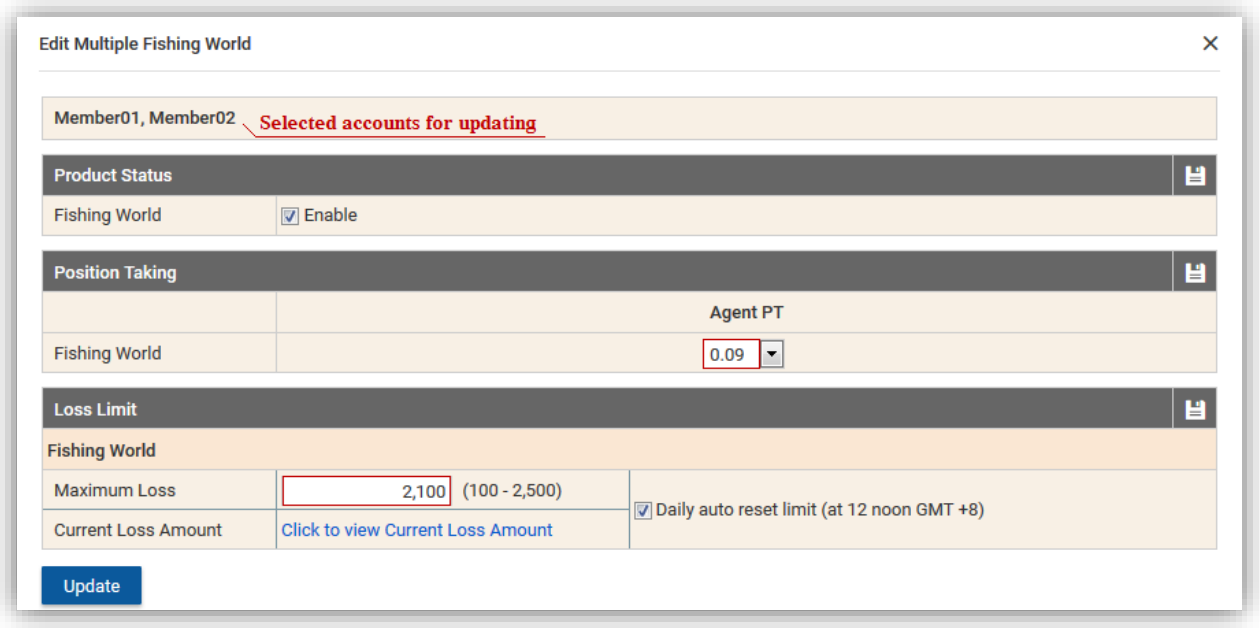

Figure 2.1. Edit multiple Fishing World popup

- Click ***Update*** to save the new settings of Members.
