FISHING WORLD

GUIDELINE

Table of Contents

1. Super edits Master 1
   1.1. Single Edit 1
   1.2. Multiple Edit 3
2. Super edits Member 6
   2.1. Single Edit 6
   2.2. Multiple Edit 8

The guideline below will help you get familiar with editing settings of your downlines.

Notes:

- Super cannot change Agent settings.
- Update Maximum Loss of upline
  - Downline Maximum Loss value > upline Maximum Loss value, automatically update:
    - Downline Maximum Loss value = upline Maximum Loss value
    - Downline max of the range = upline Maximum Loss value
  - Otherwise, no change is needed.
- In multiple edit popup:
  - The default settings are the settings of the account located on top of the selected list.
  - All settings displayed on the popup will be updated to selected accounts regardless of whether or not change is made.

1. Super edits Master

1.1. Single Edit

- Search a Master account by using **ACCOUNT INFO**
